Please keep your comments constructive and professional, abiding by the Principles of Community

- great TA super helpful with teaching hard concepts and really cares about our learning and making sure we understand things
- He is well-prepared for the discussion section. He is really nice.
- He's a chiller honestly liked this guy a lot and thought he cared for his students.
- His responses to students were fairly quick and very helpful.
- I am really thankful that I had Sawyer this quarter for TA. He is really helpful both during discussion session and on discord, always willing to answer our confusions about homework and help us to learn.
- Really active in answering students' questions!
- Sawyer did a great job at also facilitating and answering questions on our class discord server which was very helpful throughout the quarter
- Sawyer's discussion is always very well-prepared and efficient. He helps us a lot for the understanding of the materials and the homework. But he never provide the answers directly, but instead he inspires us to figure it out by ourselves by giving some hints or similar questions, which exactly how learning is. He is also accessible via discord every day, which let the office hour not limited to a specific time.
- TA responds to email as well as discord in a timely fashion, and his discussion is very very helpful to homework. He would find similar questions, and explain lecture materials in further detail and/or from different perspective. He also shows concerns from students' learning all the time.
- TA's DI section is really helpful for me. Thanks!
- We always don't have enough time to talk about everything during the discussion section. H
